## What Animal Am I?

**armadillo**

**anemone**

**aardvark**

My body is covered with strong plates which are made of bone. These plates protect me from attack by other animals. I eat insects.

What's my name? \_\_\_\_\_

I have strong claws. I like to dig into an ant or termite nest. I use my long, sticky tongue to eat. I live in Africa. I have no front teeth.

What's my name? \_\_\_\_\_

I look like a plant, but I'm really a sea animal. I usually attach myself to a rock. I use my tentacles to poison smaller sea animals. Then I bring them to my mouth.
