Introduction

Each book in the *Power Practice*[™] series contains dozens of ready-to-use activity pages to provide students with skill practice. The fun activities can be used to supplement and enhance what you are already teaching in your classroom. Give an activity page to students as independent class work, or send the pages home as homework to reinforce skills taught in class. An answer key is provided for quick reference for pages that require a specific answer.

The activity pages in *Traditional Manuscript Handwriting* provide the perfect practice for enhancing students' handwriting. The practical and creative activities provide students with practice in recognizing and forming capital and lowercase letters. As students complete the activities, they will improve their handwriting as well as practice these skills:

- letter sounds
- rhyming words
- counting syllables
- sight word recognition
- alphabetical order
- word categorization
- sentence formation

Use these ready-to-go activities to “recharge” skill review and give students the power to succeed!
